

Hi P&S and CDM 2021!

Welcome to Columbia!

As you may have heard, the Student Success Network (SSN) is run by second- and fourth-year medical students to help you prepare for your exams and adjust to medical school academics. Before each MM and Anatomy exam, the second years will hold review sessions and prepare a packet of review sheets. Additionally, we will prepare a practice anatomy practical before each anatomy exam. We offer tutoring services and are always here to support you in any way we can!!!

Since you will be getting lots of emails from us, we figured we'd introduce ourselves:

Director: **Katharina Shaw** (kss2134@cumc.columbia.edu)

Anatomy Lab Coordinator: **Taylor Hudson** (tsh2129@cumc.columbia.edu)

Anatomy Lecture Coordinator: **Ben Joffe** (bij2106@cumc.columbia.edu)

MM Coordinator: **Run Banlengchit** (rb3245@cumc.columbia.edu)

Teacher Development: **Henry Philofsky** (hp2335@cumc.columbia.edu)

Tech & Innovation: **Joseph Sanchez** (js5001@cumc.columbia.edu)

Please feel free to contact us ANYTIME about SSN or about any questions you have regarding medical school life. We will be emailing you soon regarding the first round of SSN review sessions.

Hope you are all settling in and enjoying your first few weeks of school! We are so incredibly excited to meet you and to support your learning!

Love,

Your SSN Coordinators
